Throughout his career in education, he has taught Driver Education, been a summer school coordinator, and sponsored various clubs and activities.

Ms. Santee comes to Glenbard South with 17 years of experience in education. She has been serving most recently in the Lisle CUSD 202, at the high school as the Assistant Principal of Curriculum Instruction since 2016. Prior to that, Jessica served as the Division Chair of Research and Social Sciences at York Community High School where she also taught in the Social Studies department, mostly in the areas of AP Micro and Macroeconomics as well as World Studies. ### PSAT/NMSQT

Glenbard South will offer the opportunity for interested Juniors to take the PSAT/NMSQT at South on **Saturday, October 19, 2019**. Students should register to take the exam on [Total Registration](#). Students must register by September 16th. Cost for the exam is \$20. There will be no late registration. Students can learn more about this exam by visiting [the College Board website](#) to decide if you would like to take the PSAT/NMSQT this fall. All juniors will be taking the official SAT on April 14th, 2020 at Glenbard South.

## Advanced Placement Courses

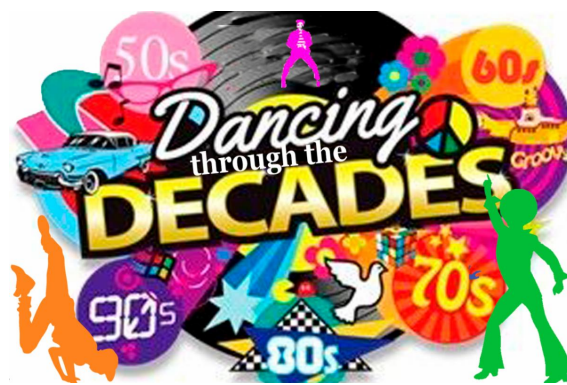

Major changes are occurring this year with AP. Starting in 2019-20 schools will implement new annual processes and have access to new classroom resources and supports. AP Exams will be ordered in the fall (2019) via a new registration and ordering system.

The fee for each AP Exam your student will take this year has not changed from last year and is \$94 if ordered and paid for **by November 7**. It is important that you order by November 7, as exams that are ordered late between November 15 and March 13 incur an extra \$40 late fee (\$94+\$40 fee). The ordering deadline for second semester only courses will be March 13, 2020. Students will be committing to take the exam during their AP classes during the week of October 7-11th through the College Board website. Payment will be handled through Total Registration and must be paid by November 7th to avoid late fees.

If you have any questions regarding Advanced Placement, please contact School Counselor/AP Coordinator Mr. Tim McGrath at [tim\\_mcgrath@glenbard.org](mailto:tim_mcgrath@glenbard.org) or Ms. Jennifer Pacheco at [jennifer\\_pacheco@glenbard.org](mailto:jennifer_pacheco@glenbard.org).

## Counseling Corner

### Looking for a Job or Volunteering Opportunities?

Welcome Back! Did you know our school maintains a job board for students? Please check it out to see the latest in job postings, volunteering, internships, and pertinent articles related to securing a job. On Schoology, go to Groups, Join and put in this

access code **5959J-ZQD77** to join Part-Time Jobs/Volunteering and Internship Opportunities. Mrs. Lange is available to help with job applications, resume writing and any general job hunting questions. If you have a question or need any help, please come see Mrs. Lange in the library.

### **College and Career Resource Center**

College recruitment season is upon us, and Glenbard South has over 100 universities and military recruiters who have already scheduled visits at our school. All junior and senior students are eligible to attend college visits at school. This is an excellent opportunity for students to meet college admission representatives and learn more about their options for education and training after graduation. These representatives are the same ones who will be reviewing each college application, and taking the time to attend a visit can show your interest. Please see our list of upcoming college and military visits and encourage your students to sign up in Naviance. This list will be updated weekly on Wednesdays, so stop back frequently to see who is coming and sign up! If a college or military branch is not listed, please contact **Anne Lange**, and we can reach out to that representative to schedule a visit.

### **Mentor Day**

Juniors will also have an opportunity to sign up for our Rotary Mentor Day this fall. This is a long-standing partnership with the Glen Ellyn Rotary Club where students are selected to shadow a professional in a field they are interested in pursuing. Surveys will be sent out after Labor Day.

## **2019-2020 Theatre Productions**

**The Little Mermaid,  
November 21-23 at 7:30pm and November 23  
at 12pm**

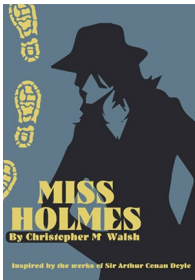

**Ariel, King Triton's youngest daughter, wishes to pursue the human Prince Eric in the world above, bargaining with the evil sea witch, Ursula, to trade her tail for legs. But the bargain is not what it seems, and Ariel needs the help of her colorful friends, Flounder the fish, Scuttle the seagull and Sebastian the crab to restore order under the sea. With music by eight-time Academy Award winner, Alan Menken, lyrics by Howard Ashman and Glenn Slater and a compelling book by Doug Wright, this fishy fable will capture your heart with its**

irresistible songs, including "Under the Sea," "Kiss the Girl" and "Part of Your World."

**Eurydice by Sarah Ruhl,  
February 6-8 at 7:30pm**

In Eurydice, Sarah Ruhl reimagines the classic myth of Orpheus through the eyes of its heroine. Dying too young on her wedding day, Eurydice must journey to the underworld, where she reunites with her father and struggles to remember her lost love. With contemporary characters, ingenious plot twists, and breathtaking visual effects, the play is a fresh look at a timeless love story.

**Miss Holmes by Christopher M. Walsh,  
April 30 & May 1-2 at 7:30pm**

When an anonymous note sends a newlywed wife looking for help, Miss Sherlock Holmes and Dr. Dorothy Watson work together to uncover the secrets surrounding a corrupt police inspector whose wives have a habit of turning up dead. But this Holmes and Watson face far greater challenges than bringing the cunning criminal to justice. In a time and place where gender roles are rigidly defined, these unconventional women dare to challenge societal norms by providing an unusual, but necessary, service.

## Profile of a Graduate key component of our work

**Collaboration a key competency in our Profile of a Graduate**

Recently, we launched our Profile of a Graduate – a multi-faceted transformative movement that underscores six key competencies that we want every graduate to embody. Each competency is accompanied by descriptions of that particular attribute.

The descriptions were developed by department chairs from each of our schools, along with school and district administrators. We worked through several iterations and used resources from EdLeader21, a national network of educators implementing competencies into their systems.

Our Profile of a Graduate includes the following competencies:

**A Glenbard Graduate:**

- Collaborates
- Communicates
- Thinks Critically
- Embraces Diversity
  - Creates
- Is Self-Empowered

In each month's newsletter, we will look at the descriptions that correspond to each competency. Today, let's look at the descriptions that accompany collaborates:

- Inspires and motivates others toward a common purpose
- Takes responsibility for self and team through shared, focused leadership
- Receives, provides and learns from constructive feedback
- Values and understands mutual accountability to the mission
  - Optimizes digital tools to learn and grow with others
  - Is generous in sharing ideas with others

Think about the people you work with – aren't the above descriptions what you seek in coworkers, leaders and job applicants? Aren't they also the qualities you appreciate about those you volunteer with in parent organizations, service clubs and charitable organizations? These are the qualities our talented faculty and staff will help our students develop in high school and carry with them throughout life.

Next steps include defining a greater purpose in curriculum and

assessment outcomes and refining competency descriptors by subject area.

The job market is constantly changing. It's critical that we equip our students with an array of skills, including collaboration, so they are prepared for whatever path they follow in the future.

Our Profile of a Graduate gives us a vision for what each student needs to be successful in life and guides our work to advance how we prepare students for college, careers and life. Learn more about our Profile of a Graduate at [here](#).
