Principal's Message

**Congratulations to our very own
Hareh Harpalani
on winning the Glen Ellyn Community Award for
District 87 Educator of the Year!**

The Glen Ellyn Community Awards is a chance for the community to say THANK YOU to all the hard-working public servants, teachers who are educating our children, employees who give 100%, storefronts that go the extra mile in customer service and all the amazing residents, both young and young at heart, who volunteer so much of their time and talents to make Glen Ellyn a wonderful community to live, learn, work, dine, shop & play for all.

Congratulations to Madeline Field

2020

**Daughters of the American Revolution
Good Citizenship Award Winner!**

This award recognizes and rewards individuals who possess good citizenship qualities of dependability, service, leadership and patriotism in their homes, schools and communities. These students are selected by their teachers and peers because they demonstrate these qualities to an outstanding degree.

Illinois Science Assessment

In compliance with federal testing requirements, Illinois will administer a science assessment to students enrolled in a public school district in grades 5, 8 and 11. The assessment will be administered in an online format and is aligned to the Illinois Learning

Standards for Science incorporating the Next Generation Science Standards (NGSS), which were adopted in 2014.

District 87 will be testing all Juniors on Thursday, March 19, 2020, from 7:35 am-10:20 am. All students will test using their iPads. Scores will not appear on students' transcripts or be reported to families. Following the test, Juniors will follow the schedule below.

The school day on **Thursday, March 19 for Freshman, Sophomores, and Seniors will begin at 10:35.** Transportation times will be adjusted for students that take the bus.

| 2:05-2:35 | Period 3 |

College Board Suite of Assessments: PSAT 8/9, PSAT 10, & SAT

All juniors in Illinois will take the SAT exam on Tuesday, April 14, 2020. They are automatically registered for this test and must take it on this day as a graduation requirement. **All Freshmen will take the PSAT 8/9, and all Sophomores will take the PSAT 10 on April 15th. Seniors will not be in attendance on April 14th or 15th** and should plan to schedule visits to colleges if they are still deciding on their post-secondary institution. Seniors attending College of DuPage should plan on taking placement testing or meeting with a C.O.D. counselor on these dates.

D87 FREE SAT PREP COURSE: The SAT Prep Course began on January 28th. It will run weekly from January 28 - April 9, 2020. There are two different times offered in this program - *Tuesday from 2:45 p.m. - 5:30 p.m.* or *Tuesday from 5:45 p.m. - 8:30 p.m.* The goal of this program is simple, to help empower students to maximize their SAT Score and enhance their postsecondary opportunities.

Some parents may still choose to have their students take one or more ACT exams during the spring. These are offered on specific Saturdays nationwide. To register for one of these exam dates, visit

<https://www.act.org/content/act/en/students-and-parents.html>

Class Registration for the 2020-21 School Year

We will be finishing up with course enrollment meetings and scheduling in the first week of February for the 2020-21 school year. Students are encouraged to challenge themselves appropriately. Check out [the Enrollment Handbook on our website](#) to see all of our enriching course offerings across nine departments. Glenbard 87 aims to have all students take at least one Advanced Placement

class over the course of their four years. Advanced Placement courses expose students to the challenge and rigor of a college-level course while still in the high school setting with appropriate supports from teachers and other resources, like our AP Cafe. Talk to your counselor about which AP course is right for you.

Highlight on our Business and FACS department at Glenbard South:

Glenbard District 87 is committed to graduating students who embody the competencies of the Glenbard Profile of a Graduate:

Computer Science Discoveries class uses drones to problem solve. Using Java Script code students were challenged to make their way through a Gallery of drone flights. Each flight had to be coded individually by the student and tested. Once they completed all of the tasks they created small Book Creators which allowed them to explain their overall experience with each challenge. This class is entry level class to begin exploring Computer Science. Students may also take AP Computer Science Principles and/or AP Computer Science A. See the Glenbard South Enrollment Handbook for more information.

Winter Raider Class Act Winners

Congratulations to our Winter 2020 Raider Class Act Award winners!

On January 30th, Leandre Matthews, LaDaveya Williams, Nicole Palmieri, Madeline Field, Alina Dukala, Colleen Rogala, Olivia Kollias, and Josiah Thomas were honored at the Raider Class Act Ceremony.

These students represent leadership, citizenship, personal growth or random acts of kindness towards others.

COUNSELING CORNER

Enrollment Season is Upon Us!

Counselors started the new year by meeting with all of our students one on one to review their course selections for the 2020-21 school year. If you have any questions about your student's course requests for next year, please contact your student's school counselor.

Requests for Course Changes

Course availability and number of sections are determined based on student requests, which are tallied up after their course selection meetings. Therefore, it is important for students to think carefully when choosing their classes to best ensure a spot in their desired classes. Glenbard South will work to provide students with their top or alternative course selections. Since the master school schedule is completed at this time, students may not be able to change courses after April 30, 2020, per school board policy.

Important reminder about the NEW Naviance Login: Starting Wednesday, January 8, all students now log into Naviance with their school issued Google username and password. The new login looks like this:

The image shows a screenshot of the Naviance login interface. On the left, a white box contains a welcome message: "Welcome to Naviance Student", "Hello there!", and "Your institution uses a Single Sign On (SSO) system. Click or tap to sign into Naviance." Below this is a teal "LOGIN" button, a link for "Parent/Guardian Login", and a link for "Need additional help?". On the right, a teal header contains the Naviance logo and the text "NAVIANCE by HOBSON'S". Below the header, the text reads "Log in with Naviance ID" and "Please use your email and password to access Naviance." There is a lock icon and the text "SINGLE SIGN-ON ENABLED". An email input field contains "name@emaildomain.edu". Below the input field is a teal "LOG IN >" button. At the bottom, there is a link for "Resend Verification Email" with a circular arrow icon.

Scholarship News

Glenbard South Local Scholarship application is now live on Naviance. Although the application is electronic, there are supplementary documents that are required. Have your senior student pick up the application packet in the school counseling office. Deadline is Friday Feb. 7th at the end of the school day. Last year, local scholarships awarded over \$50,000 to Glenbard South students.

Ed Posh scholarship application is also available and can be found on www.edposhscholarship.com

Check out other national and local scholarships under the college link in Naviance for other scholarship opportunities.

Benefits of College Visits

College visits are a vital part of the college investigation process. Whether you are a freshman at the beginning stages of the college process or a senior trying to make a final decision, college visits can have a powerful impact. There is nothing quite like experiencing a college campus first hand. In many cases, investing in a college education might be one of the most significant financial investment one ever makes. Getting a chance to visit multiple campuses provides the added research needed so you can feel confident about whatever choice you make.

Here are 4 benefits of college visits:

Get a better "feel" of the campus. Each campus has a different style; something that makes it unique. Some campuses are large and spread out, while other campuses are small and compact. Getting a feel of the college environment can help students decide if a large state school or a small liberal arts school is a better fit.

Going on a college tour. Tours can take students into a classroom, meet students and faculty, and even get a chance to see what a dorm room looks like. This helps students to start to formulate what is important to them. For example, how do they feel about large class sizes? What benefits does dorm life provide?

Chance to ask lots of questions. College visits allow you to ask questions that you didn't even know you had. The process can be overwhelming, but having a chance to get on campus and ask as many questions as possible can be extremely helpful. College admission counselors are ready and eager to answer whatever questions students and parents have. Provides motivation. Like all goals, having a vision of college keeps students motivated.

Sets a vision for the future. Seeing a college in person and becoming aware of all the exciting possibilities of their future puts a concept that might once have been black and white into color. This vision can help students to remember why every test, every assignment, and all their hard work matters.

Planning a college visit doesn't have to be difficult or even cost any money. The first step will be to visit the college website. Starting with local schools can be a great first step. Our first gen counselor, Mrs. Hyder, recently chaperoned a field trip to North Central College.

Glenbard South's First Gen Program visits North Central College!

MESSAGE FROM THE SCHOOL NURSE

Cold and flu season is upon us. It is very important for everyone to take some basic steps to stay healthy throughout the school year!

1. Wash hands frequently with soap and water for at least 20 seconds.
2. Cough and sneeze into your arm, NOT your hands. Wash your

- hands immediately if you do.
3. Drink lots of water. DO NOT share cups or water bottles with friends
 4. Stay home if you have a fever greater than 100.0. You may return when fever free without medication for 24 hours.
 5. Stay home if vomiting/diarrhea.
 6. Sleep 7 or more hours each night.

Practicing healthy habits can keep everyone healthy!

CONGRATULATIONS BOYS BOWLING

2020 IHSA Regional Champs!

Class of 2020 Commencement Ceremony

The Class of 2020 Commencement Ceremony will take place on Thursday, May 21, 2020 at 6:00 p.m. Each graduate will receive six tickets to share with family members or friends. If additional tickets are needed, please talk with fellow graduates and/or their families as they may have tickets that they will not use. In

years past, our graduates have worn gowns that were disposable. In order to be more environmentally friendly, this year our graduates will wear a higher quality gown that is rented. More specific details regarding the commencement ceremony will be communicated in the coming months.

Commencement rehearsal will be on the seniors last day of school, Friday, May 15, 2020. Students are required to attend.

Morning Drop-Off

The morning commute and student drop-off can be a stressful time due to high volume traffic and weather conditions. Hundreds of vehicles move through our lot each day. The lot is divided by cones into several lanes, with the lanes closest to the school remaining reserved for buses. Please respect lanes created to keep traffic organized as well as the areas designated as student drop-off areas. When the weather conditions are bad, greater delays are expected. Please plan accordingly. Our busiest times are between 7:15am - 7:35am. Arriving before 7:15am can make a tremendous difference. If there are any questions or concerns, please feel free to contact me at (630)942-6700 or taff_nielsen@glenbard.org

School Safety is everyone's job See Something, Say Something!

Safety at school is the responsibility of everyone. This includes staff, students and parents. The likelihood of an incident significantly decreases when everyone values safety. Please talk with your students about school safety and encourage them to be observant and report any of the following to the school and or police (students can remain anonymous):

- someone who has a weapon at or outside of school or on social media
- threats to school safety made by other students or someone in the community
- suspicious activities that make you feel uncomfortable, nervous or frightened
- strangers on campus

Please reinforce to your students not to open doors during the school day or to allow strangers to enter the building. Safety is a top priority at Glenbard South. Thank you for continuing to partnership with Glenbard South.

Please let us know if you have any questions or concerns.

Dr. D's Music Notes

Major Music Trip Announced for Spring, 2021

The Glenbard South Band and Choir will be travelling to Orlando, Florida and Disney World February 24 through 28, 2021 on a performance trip. The trip was approved by the Board of Education on Monday, and more specific details will come out as the itinerary is further developed. It is likely that this trip will be VERY similar to past band trips to Florida – We will travel by air, stay onsite at a Disney Resort, have a marching performance, have a Disney performance workshop, enjoy both Disney World and Universal Studios, and have a fantastic time! One different aspect is that this time, we will be travelling together with the choir which will add a terrific new aspect to the process. It promises to be a fantastic trip. **MARK YOUR CALENDAR AND SAVE THE DATE!**

Next Year's PE Waiver Policy Continues the Same as This Year

Band students will continue to have two options for a PE Waiver going forward. Under option number one, band students can be able to waive their PE class during first semester in order to take an additional one-semester course. This could be a real benefit to students who are looking to take care of a

graduation requirement (Speech, Consumer, Government!) or enroll in an elective course in another area of interest (Art, Business, Ind. Tech, FACS, Choir, etc.). The second option enables students to take a “temporary” PE waiver, giving them a study hall only during the marching band season so that they can keep up with their work. The marching band season is approximately the first half of the first semester (until the football team is eliminated from the playoffs). Specific information on these options will be available from your guidance counselor. The PE Waiver forms are available in the band office. Just stop by! **ALL FORMS ARE DUE BY FEBRUARY 7. DO NOT MISS THIS DEADLINE! IT IS NOT NEGOTIABLE!**

Coming Soon

Eurydice by Sarah Ruhl, February 6-8 at 7:30pm

In *Eurydice*, Sarah Ruhl reimagines the classic myth of Orpheus through the eyes of its heroine. Dying too young on her wedding day, Eurydice must journey to the underworld, where she reunites with her father and struggles to remember her lost love. With contemporary characters, ingenious plot twists, and breathtaking visual effects, the play is a fresh look at a timeless love story.

Miss Holmes by Christopher M. Walsh, April 30 & May 1-2 at 7:30pm

When an anonymous note sends a newlywed wife looking for help, Miss Sherlock Holmes and Dr. Dorothy Watson work together to uncover the

secrets surrounding a corrupt police inspector whose wives have a habit of turning up dead. But this Holmes and Watson face far greater challenges than bringing the cunning criminal to justice. In a time and place where gender roles are rigidly defined, these unconventional women dare to challenge societal norms by providing an unusual, but necessary, service.

Self-empowered among competencies in our Profile of a Graduate

Creates is a key competency in our Profile of a Graduate

In the past few newsletters, I've shared with you information about our Profile of a Graduate, which features six competencies we want every graduate to embody:

A Glenbard Graduate:

Collaborates

Communicates

Thinks Critically

Embraces Diversity

Creates

Is Self-Empowered

Today, let's look at the competency of creates. We want our students to have opportunities to create in the traditional sense – music, writing and art. We also want them to have the chance to create podcasts and videos, as well as create solutions to real problems in the world. We want to empower them to generate original ideas, solutions and products.

Classroom Example

As an example of what this competency looks like in the classroom, sophomores learning about satire in an English class created commercials and public service announcements. They used green screen, Filmmaker Pro, teleprompter app, Schoology and their knowledge of satirical devices to create a product that required them to assess, evaluate and portray characters from a text they read.

Competency Descriptions

The competencies in our Profile of a Graduate are accompanied by descriptions that were developed by department chairs from each of our schools, along with school and district administrators. We worked through several iterations and used resources from EdLeader21, a national network of educators implementing competencies into their systems.

The following are the descriptions that accompany creates:

Solves real problems that are passion and purpose driven, in local community
and around the world

Generates original ideas, solutions and products in imaginative ways

Open and responsive to new ideas and perspectives

Extracts learning from failure to move ideas forward

Reflects meaningfully on feedback while able to set aside personal biases.

Novel use and application of prior knowledge

Next Steps

We are customizing competency descriptors by content and subject area. Whether it's our core courses or electives, department chairs are developing descriptions specific to their content area.
